# Coloring Masks!

STEPS
- Choose a mask.
- Print out (card stock works best).
- Color your mask – crayons, paint, marker, glitter, and glue.
- Cut out your mask, including holes for the eyes

OPTION 1
- Place a piece of clear tape over the small circles on either side of the mask to reinforce.
- Punch holes through circles.
- Attach the end of a string or elastic band to each of the holes
- Try on and adjust length of string as necessary

OPTION 2
- Tape a drinking straw on each side of the mask to use as handles to hold the mask.

OPTION 3
- Tape a 12" ruler or paint stirrer stick to the back of the mask to use as a handle.
