

EXPLORE THE OPEN OCEAN AT THE **MARINE LIFE INSTITUTE**

DORY *Blue Tang - Paracanthurus Hepatus*

Fun Fact : Dory suffers from short-term memory loss, but she never seems to let her disability get in the way as she forges ahead, finding the positive in every situation and bringing out the best in others.

HANK *Octopus - Octopoda*

Fun Fact : Hank's camouflaging capabilities and lack of skeleton make him the ultimate escape artist.

DESTINY *Whale Shark Rhincodon typus*

Fun Fact : Destiny, the Marine Life Institute's rescued whale shark, may have been admitted for her faulty equilibrium, but her real problem is her identity crisis. If you ask her, she is definitely not a shark, she's a whale!

BAILEY *Beluga Whale - Delphinapterus leucas*

Fun Fact : Bailey, the Marine Life Institute's rescued beluga whale, was brought into the institute with a head injury. Convinced that his echolocation abilities were damaged in the incident, Bailey refuses to exercise his natural talent, even though the doctors agree there is nothing wrong with him.
