

# Dory's Outline

1. Cut along solid scissor lines. Kids, have a grown-up help you with the scissors.
2. Apply glue stick along indicated area and line up the arrows in the order shown to make the stencil.
3. Cut out the stencil shapes along solid black lines. TIP: Cut into the shape from the edge of the stencil or a nearby shape, and when finished trimming away the shape, tape the cut back together with clear tape.
