Learn About

Time & Money

Activity Book

Day or Night

Help the animals learn a.m. and p.m. times. If they should do the given task in the a.m. (morning), color the sun. If the task happens in the p.m. (afternoon/evening), color the moon. Color both if they should do it in the morning and afternoon/evening.

Each day has 24 hours in it. These 24 hours are split into two parts, with each part having 12 hours in it. The first 12 hours start at 12 o'clock midnight and end at 12 o'clock noon. We call these hours the a.m. or morning hours.

The second 12 hours begin at 12 o'clock noon and end at 12 o'clock midnight. These hours are called the p.m. hours and they happen in the afternoon and evening.

Craig eats breakfast.

a.m.

p.m.

Jill goes to bed.

a.m.

p.m.

Lenny goes to school.

a.m.

p.m.

Jack brushes his teeth.

a.m.

p.m.

Family eats dinner.

a.m.

p.m.

Time to Eat

Match the time given to the correct clock.

Randy likes to eat breakfast at 8:00.

Randy has a morning snack at 10:30.

Randy eats lunch at 12:00.

At 3:30 Randy has an afternoon snack.

Randy eats dinner with his family at 6:00.

What time do you eat during the day?

Telling Time

Fill in the blanks to make all 3 times in a row match.

or

:

or _____ o'clock

or

7:00

or _____ o'clock

or

:

or 4 o'clock

What is your favorite time of day?

or

:

or _____ o'clock

Matching Time

Match the clock face to the analog clock.

5:00

9:45

6:30

3:15

11:30

7:45

10:00

2:00

What Time Is It?

Draw the hands on the clocks to show the time.

10:30

5:00

2:15

12:00

6:30

4:45

8:15

3:00

7:30

Riddle Time

Match the clocks to the times below to solve the riddle.

How much will they cost?

How Much Money?

Add up the money and then write it on the line.

\$.

\$.

\$.

\$.

Time for a Snack

Read each story. Then circle yes or no to answer the questions.

The sandwich costs \$1.50.
Sally has

Can Sally buy the sandwich?
yes no

The popsicle costs 40¢.
Sarah has

Can Sarah buy the popsicle?
yes no

The cake costs \$1.
Wally has

Can Wally buy the cake?
yes no

The candy costs 95¢.
Jenny has

Can Jenny buy the candy?
yes no

The potato chips cost 55¢.
Larry has

Can Larry buy the potato chips?
yes no

The french fries cost 50¢. The apple costs 75¢. Debbie has

Can Debbie buy french fries and an apple?
yes no

Making Change

Find three ways to make each amount. Write or draw one way you made the amount on the line.

1. 50¢ _____

2. 75¢ _____

3. 32¢ _____

4. 83¢ _____

5. 12¢ _____

6. 91¢ _____

7. \$1.05 _____
