## Ralph Decoration

To begin, print out the templates onto regular paper. Overlay the freezer paper and trace the shapes onto the matte side of the freezer paper. **TIP:** If more than one shape is the same colored felt, gang those together as you trace the shapes.

Lay the freezer paper, shiny side down onto the felt. Use a warm iron to temporarily adhere the freezer paper onto the felt. Press down for about 6 seconds or until the paper adheres to the felt. Trim out the shapes with a sharp scissor. Peel away the freezer paper from the felt.

### Flat Instructions:

1. Cut out the outline.
2. Glue on the shirt and pants first, and then layer on the other shapes to make the decoration.
3. Use embroidery thread to stitch in the eyes and mouth.
4. Make a loop from the cord and tie a knot. Glue the cord to the top of the decoration to hang.

**TIP:** Cut a second outline of Ralph and glue to the back for a more sturdy decoration.

### Puffy Instructions:

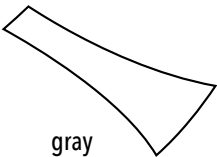

1. Follow the flat directions.
2. Cut a second beige outline of Ralph.
3. Make a loop from the cord and tie a knot. Set aside and remember to insert it at the top of the decoration just before stitching that area closed.
4. Begin to blanket stitch the front and back pieces together, leaving an opening as shown on the template. This opening will be used to fill the decoration. Use a stick or pencil to push the filler into the decoration. When filled, finish stitching to complete the decoration!
