

Chalk-Art Stencils

Now Available on DVD

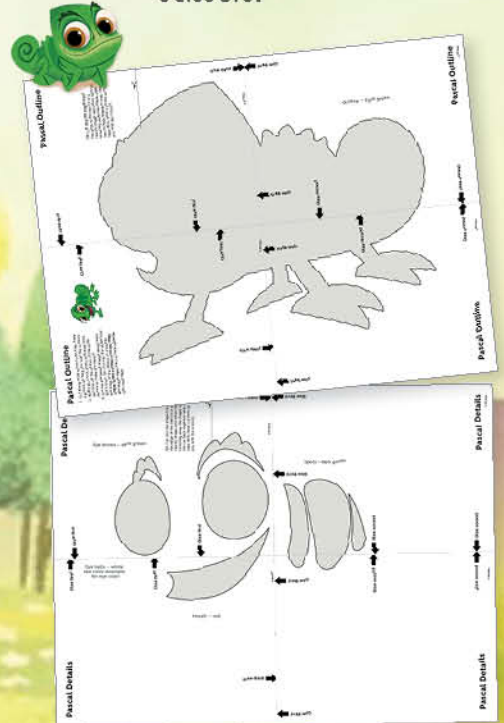

Show off your creative side with these printable stencils.
Great for sidewalk chalk art!

1. Print the stencil pages on heavy paper stock, then follow the instructions on each page to create your stencils.
2. Cut along the solid lines and glue the sheets together as indicated and line up the shapes. Each glued sheet should be 17" x 22".
3. Cut out the shapes to make the chalk stencils.
4. Find a smooth sidewalk and lay the details stencil down, then trace around the shapes.
5. Next, lay the outline stencil down, lining it up with the details chalk, and make the outline.
6. Lift the outline stencil and fill in the rest of the colors to look like the color samples. Or, be creative and choose your own!

What you will need:

- Heavy paper stock
- Scissors
- Glue stick
- Clear tape
- Sidewalk chalk
- A smooth sidewalk

Kids, have a grown-up help you with the scissors.

Now Available on DVD
and Disney Movies Anywhere

Chalk-Art Stencils

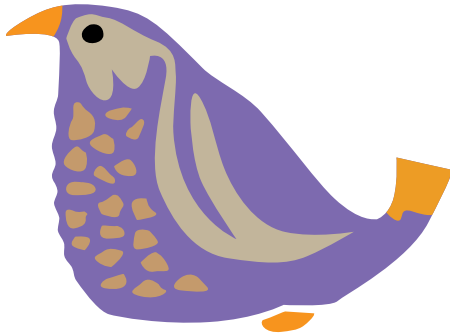

The colors shown here are for example. Use
your imagination to create your own personal
style! Have fun!

Bird 1 Outline

1. Cut along solid scissor lines. Kids, have a grown-up help you with the scissors.
2. Apply glue stick along indicated area and line up the arrows in the order shown to make the stencil.
3. Cut out the stencil shapes along solid black lines. TIP: Cut into the shape from the edge of the stencil or a nearby shape. When finished trimming away the shape, tape the cut back together with clear tape.
