America's National Independence Day Celebration

If you are caught outside and you see a tornado, find a low-lying ditch and cover your head. Watch out for flash flooding. Tornadoes will follow severe thunderstorms.

The safest place to be during a tornado is in the basement, under a heavy bench or the stairs. If you don't have a basement, go to an interior, windowless hallway, closet or bathroom on the lowest floor possible.

If you are in a car, never, ever try to outrun a tornado, unless the tornado is over a mile away and you can safely drive in the opposite direction.

APRIL

"He will come to us as the showers,
as the spring rains that water the earth." (Hosea 6:3)
