Do You Know Your Shapes?

Color all the squares **RED**. Color all the circles **BLUE**. Color all the triangles **GREEN**.

Color all the trapezoids **PURPLE**. Color all the hexagons **YELLOW**.

Color all the diamonds **PINK**. Color all the rectangles **ORANGE**.

Shapes & Pictures

Use the shapes below to draw pictures. See the example.

A house

A cat

A cake

A train

My Kind of Town

Look at the picture and answer the questions below.

1. How many rectangles are there?
2. How many triangles are there?
3. Draw 4 more rectangles and 3 more triangles in the picture.

The Secret Garden

Look at the picture and answer the questions below.

1. How many circles are there?
2. How many squares are there?
3. How many rectangles are there?
4. How many triangles are there?

Out To Space

Look at the picture and answer the questions below.

1. How many circles are there?
2. What shapes are used to make the UFO?
3. What shapes are used to make the rocket?

Shape Challenge

Can you figure out what shapes make up into these pictures? How many different shapes are there?

SUPER SHAPES

DIRECTIONS:

1. Color all the circles red.
2. Color all the squares blue.
3. Color all the stars green.
4. Color all the triangles purple.
5. Color all the rectangles orange.

CHART:

Follow the row of stars as an example.
Count and chart how many shapes there are.

Which shape is pictured most?

Which shape is pictured least?

Shapes Composition

What shapes make up each object? Draw all the different shapes in the space on the right. See the example below.

On the Edge

Count how many sides each shape has and write the number inside the shape.

Draw a shape that has 6 sides

Draw a shape that has 3 sides

Which Shapes Are Polygons?

A polygon is a **closed** plane figure with 3 or more **straight sides** and angles.

Color all the polygons **BLUE**.

Place a **GREEN** X over all the shapes that don't represent polygons.

Match 3D and 2D

Draw a line to match the 3D objects to their 2D look alike.

Cube

Triangle

Rectangular prism

Hexagon

Triangular prism

Square

Hexagonal prism

Circle

Sphere

Rectangle

Name the shapes this house is made of.

Shape Match

Draw a 2-dimensional shape that is similar to each 3-dimensional shape that is shown.

Shape Match

Cut out the names of each shape then paste them next to the correct object.

pyramid

triangle

circle

sphere

cube

square

rectangle

rectangular
prism

3-D Match-Up!

Match up the 3-D shapes with these everyday things and draw a line to connect them.

Cone

Cube

Cylinder

Sphere

3-D Shapes!

Trace the 3-D shapes below and then color in all the shapes you see using the key.

Cone
PURPLE

Sphere
BLUE

Cube
GREEN

Cylinder
ORANGE

Learning About Shape: Cones

Circle the objects that are cone-shaped. Can you think of other things that are cone-shaped? Draw them in the space below.

Drum

Waffle cone

Lemon

Picture frame

Donuts

Party hat

Paint can

Draw more pictures here.

Learning About Shape: Cylinders

Circle the objects that are cylinder-shaped. Can you think of other things that are shaped like cylinders? Draw them in the space below.

Pie

Straw

Glass

Hamburger

Sailboat

Onion

Soda can

Draw more pictures here.

Cones and Cylinders

Draw a triangle around the objects that are cone-shaped. Draw a circle around the objects that are shaped like a cylinder. Can you think of other things that look like a cone or a cylinder? Draw them in the space below.

ice cream

log

can

fig

safety cone

glass

ball

flower

bullhorn

A large empty rectangular box for drawing additional objects that are cone-shaped or cylinder-shaped.

Rectangular Prisms and Spheres

Draw a rectangle around the objects that are shaped like rectangular prisms.
Draw a circle around the objects that are shaped like a sphere. Can you think of other things that look like a rectangular prism or a sphere? Draw them in the space below.

coconut

mug

chest

marble

bug

gift

peanut

lock

ball

Shape Hunt!

Now that you are a shape expert, look around your house, backyard, and neighborhood. Can you find a real-life, everyday object that represents one of the shapes on the chart below? Draw a picture of what you find in the correct box.

Cone

Circle

Triangle

Cylinder

Cube

Hexagon

Great job!
