Certificate of Completion

Subtract the crossed out pictures and write the number in the box.

| | <u>-2</u> |
|------|-----------|
| 类类类类 | 5 -3 |
| | -2 -2 |
| | -4 -4 |

Count how many pictures are in each box.

Trace each **X** to cross out the correct number of pictures. Count how many are left and write the number down.

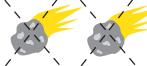

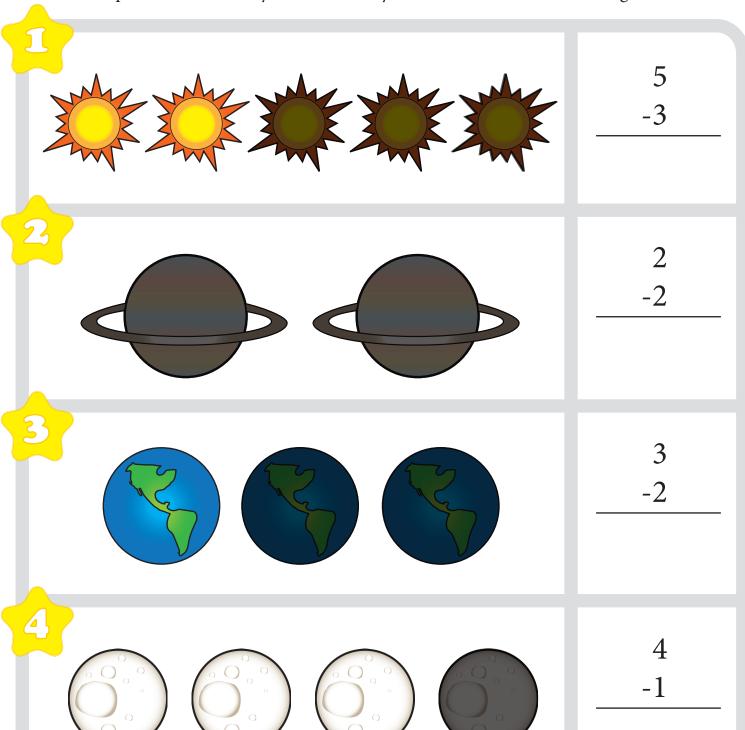

Outer Space Subtraction

Count how many objects from outer space are in each box. Now take away the darker pictures. How many are left? Write your answer in the box on the right.

Practice Your Subtraction, 1-10, *1

Subtract the number in each problem. Write the answer in the space. Then, fill in the missing word in the sentence below.

Ten minus six equals _____

Four minus three equals _____

Three minus one equals _____

Six minus one equals _____

Nine minus two equals _____

Eight minus three equals _____

Two minus two equals _____

Eight minus four equals _____

Now on the back of this paper, write out some more subtraction problems of your own.

Count how many pictures are in each box.

Trace each **X** to cross out the correct number of pictures. Count how many are left and write the number down.

| 10 - 5 = |
|----------|
| 8 - 5 = |
| 6 - 5 = |
| 7 - 5 = |
| 5 - 5 = |

Count how many pictures are in each box.

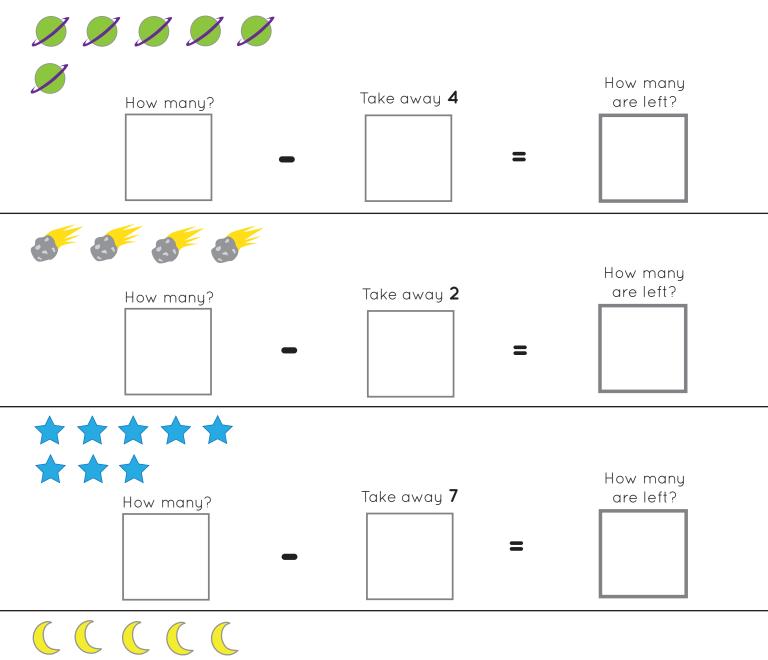

Trace each **X** to cross out the correct number of pictures. Count how many are left and write the number down.

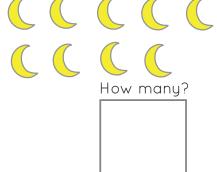

| 20 - 10 = |
|-----------|
| 20 - 15 = |
| 20 - 5 = |
| 20 - 13 = |
| 20 - 11 = |

Count then cross out pictures to subtract.

Parents, read the questions to your child to help him write these subtraction number sentences.

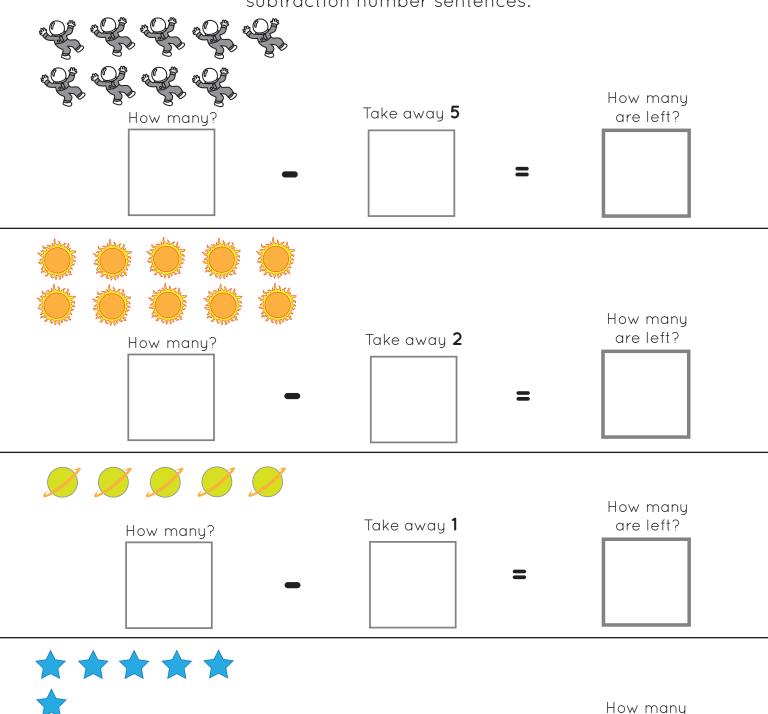

-

How many are left?

Count then cross out pictures to subtract.

Parents, read the questions to your child to help him write these subtraction number sentences.

Take away 6

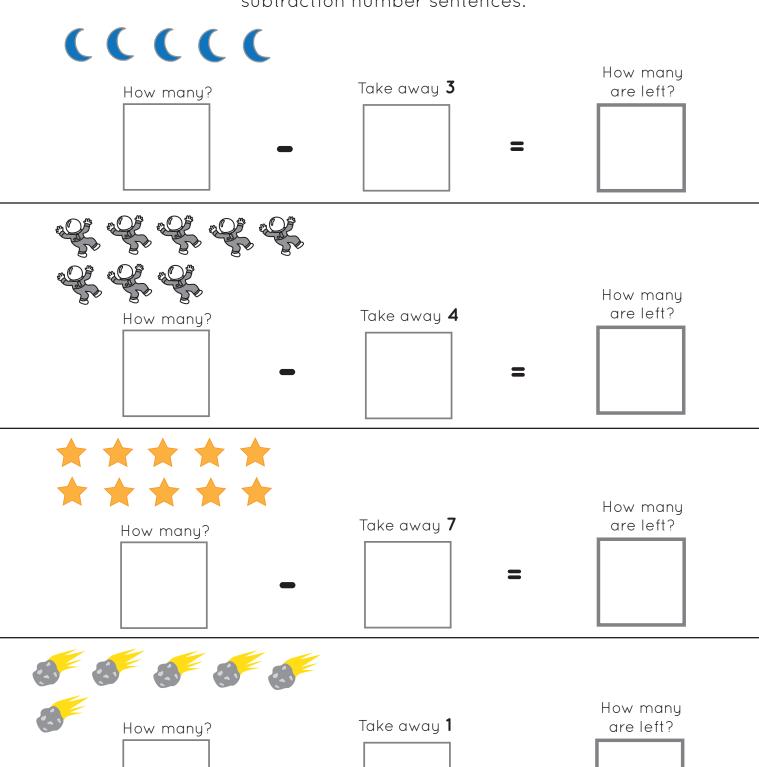

How many?

are left?

Count then cross out pictures to subtract.

Parents, read the questions to your child to help him write these subtraction number sentences.

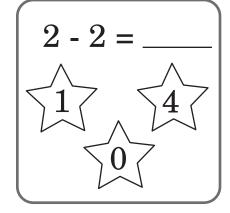

Subtract Numbers

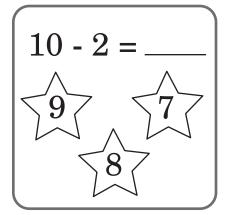

Find the stars.

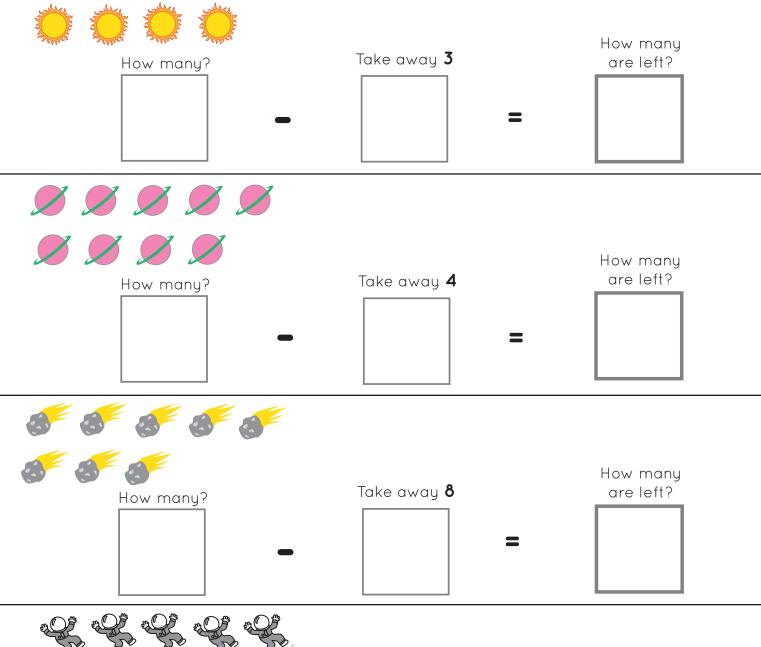

Subtract the numbers in each box and color the star with the correct answer.

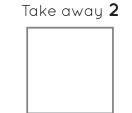

Count then cross out pictures to subtract.

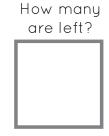

Parents, read the questions to your child to help him write these subtraction number sentences.

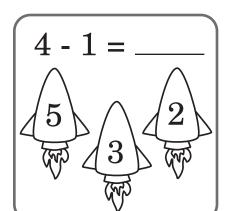

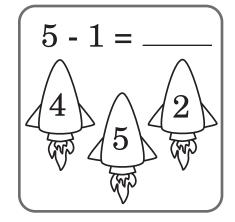

Subtract Numbers

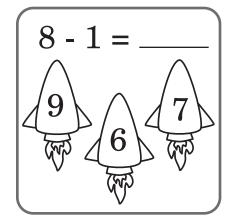

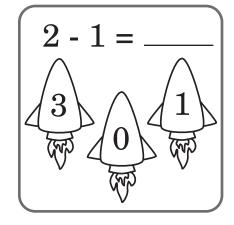

Find the correct rocket!

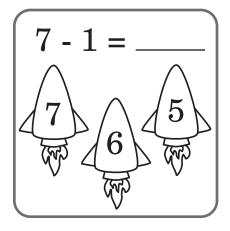

Subtract the numbers in each box and color the rocket with the correct answer.

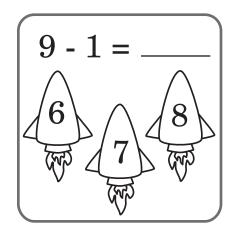

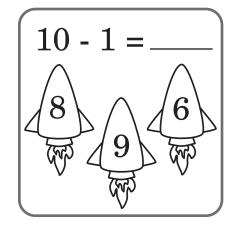

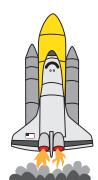

Outer Space

Subtraction

Count how many space items are in each box. Now take away the darker pictures. How many are left? Write your answer in the box on the right.

| | | | 8 - 6 = |
|--|-----|--|---------|
| | | | 8 - 4 = |
| | | | 8 - 1 = |
| | | | 6 - 4 = |
| | 100 | | 6 - 5 = |

Outer Space * * Subtraction

Count how many space items are in each box. Now take away the darker pictures. How many are left? Write your answer in the box on the right.

$$7 - 2 =$$

$$6 - 3 =$$

Outer Space ** Subtraction

Count how many space items are in each box. Now take away the darker pictures. How many are left? Write your answer in the box on the right.

$$5 - 2 =$$

$$7 - 4 =$$

$$3 - 1 =$$

$$6 - 6 =$$

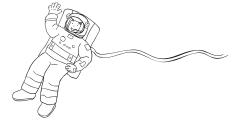

Count how many pictures are in each box.

Trace each **X** to cross out the correct number of pictures. Count how many are left and write the number down.

| 30 - 20 = |
|-----------|
| 30 - 15 = |
| 30 - 5 = |
| 30 - 10 = |
| 30 - 17 = |

Color and Learn

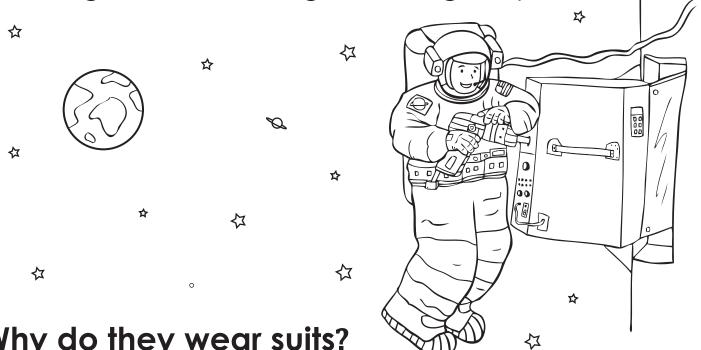

SPACE SUIT

Here are some interesting facts about space suits that can be read out loud to your child.

After, he can color a space suit and helmet of his own!

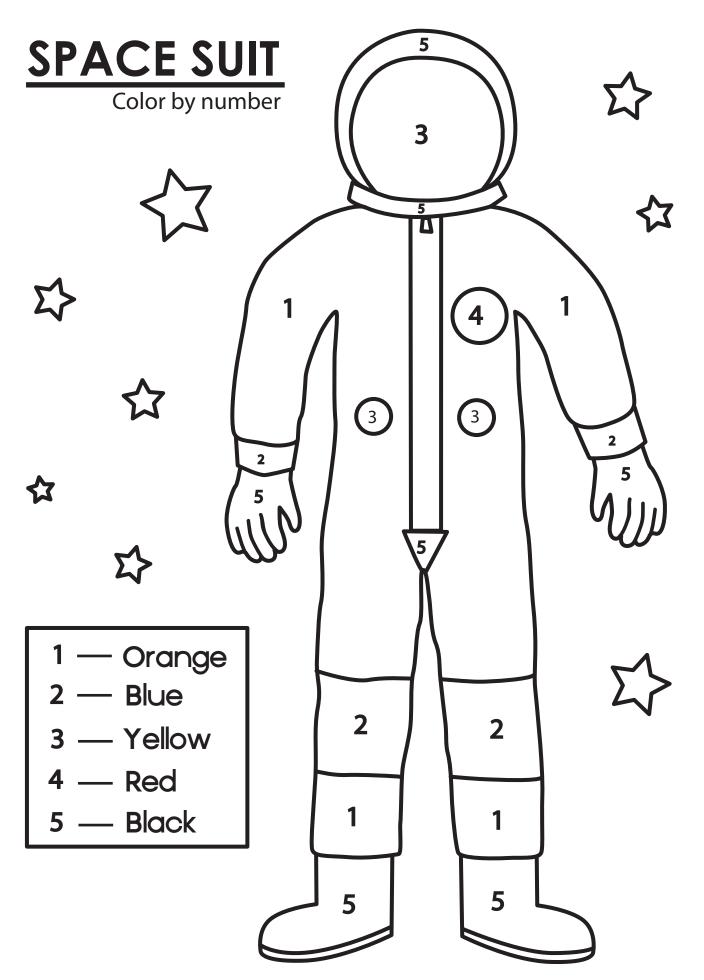

Astronauts have worn all sorts of suits over the years for traveling to, and working and living in, space.

Why do they wear suits?

A space suit lets astronauts work and live in space while being protected from harsh elements. It gives them air to breathe, and protects the astronauts' body from the extreme heat and cold. A suit is like a spaceship built for one. It's a machine made up of lots of parts, with air conditioning, heating, air to breathe and water to drink. There's even a built-in toilet!

SPACE HELMET

Color by number

1 — Blue

2 — Red

3 — Orange

4 — Black

5 — Yellow
