Go Fish... State Capitals Style!

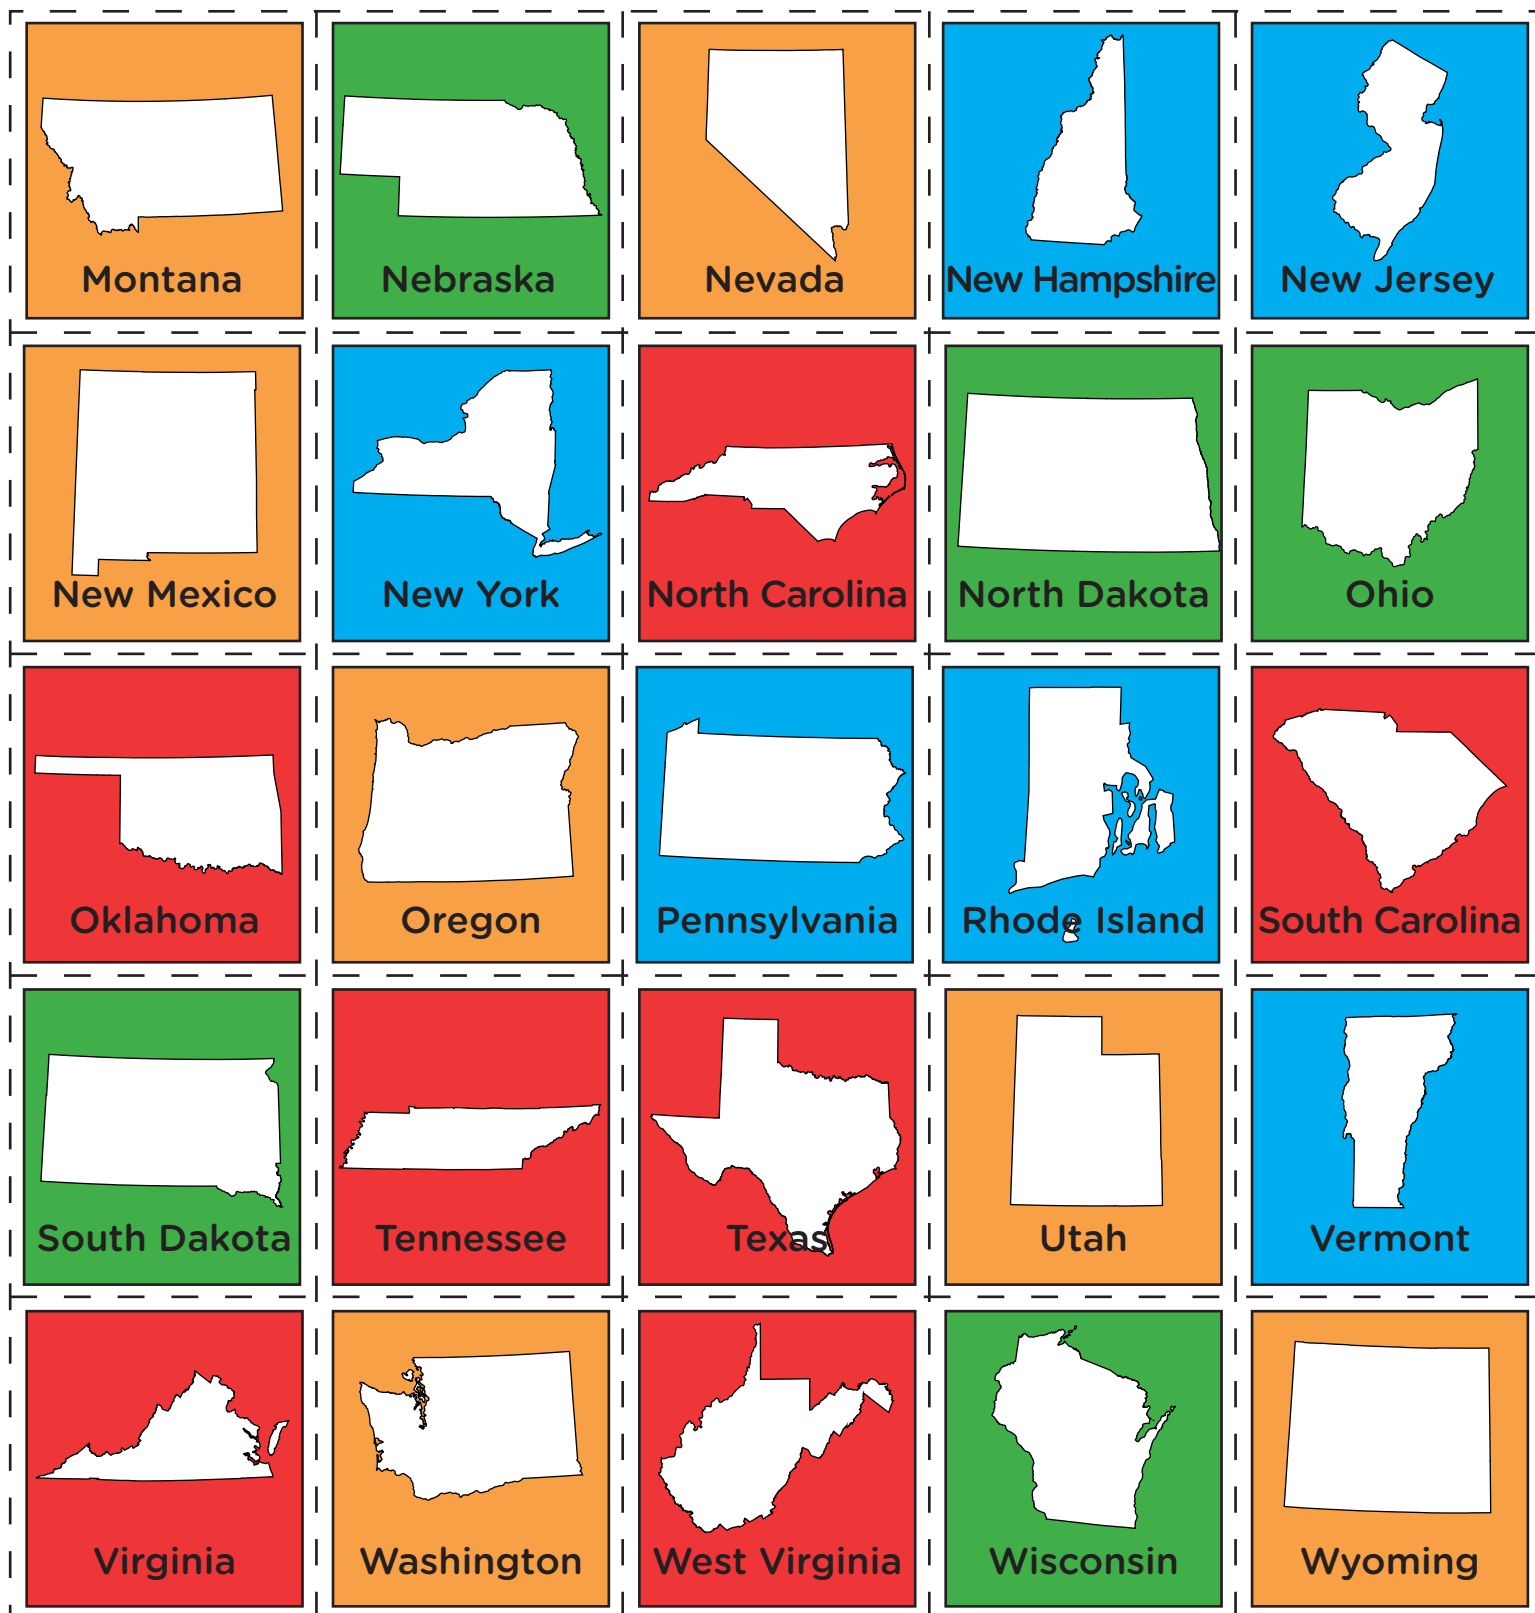

Cut out these cards and use them to invent your own state capital quiz game!

Quiz yourself and your friends on state capitals and brush up on your U.S. geography skills as well. Look for some game ideas on the following pages to get you started!

Go Fish... State Capitals Style!

GAME IDEA: Give five cards to a friend and keep another five for yourself. Put the rest facedown in a pile. Instead of asking for numbers, for capital cities. For instance, challenge your friend by asking him for 'the capital of Montana' instead of saying, 'Do you have Helena?' In order to win the game, you can either be the first to reach a certain number of cards, the first to gather all the states that start with A, or the first to gather all the cities in a certain area of the United States.

Go Fish... State Capitals Style!

GAME IDEA: Make two copies of the cards, cut them out and put them facedown on the floor.

Play a memory-match game to help memorize state shapes! These cards are endlessly flexible, and are color-coded by region so they'll work for a variety of activities.
